# INCOME TRADER'S BOOT CAMP

COACHING PROGRAM & MASTERMIND GROUP

WITH DR. ADRIAN MANZ

“Hello, my name is Ken Olson from Killeen, Texas – I have been trading with Adrian Manz’s *Daily Income Trader* plan for several years. The plan is simple – you set up to enter at a specific point and you exit at a specific target. Furthermore, at Boot Camp, Adrian teaches you not only how to properly make the trades themselves, but more importantly how to create and execute your own successful plan. First he gives you the fish, then teaches you how to catch the fish. What Adrian teaches you at Boot Camp is simple to execute – so simple that if you can’t follow it, you shouldn’t be trading!

I have been to two of Adrian’s Boot Camps and also to several other trading seminars, and I find Adrian and Julie Manz and the TraderInsight staff to be very sincere – who else gives you there personal phone number to call anytime and talk with them after attending their training?”
